

Mohammad Abdur Rouf

MERN Stack Developer

London, UK | Phone: +447448320762 | Email: roufrubelbd@gmail.com | [Website](#) | [LinkedIn](#) | [GitHub](#)

CAREER OBJECTIVE

Motivated MERN Developer aiming to join a dynamic development team where I can expand my knowledge and contribute to meaningful applications. Passionate about continuous learning, problem-solving, and adapting to new challenges. Committed to delivering reliable solutions while growing alongside experienced developers.

CORE SKILLS

Frontend: React.js, Next.js, Tailwind CSS, DaisyUI

Backend: Node.js, Express.js, REST APIs

Database: MongoDB

Authentication: Firebase Auth, NextAuth

Deployment: Git, GitHub, Vercel, Netlify, Firebase

Languages: HTML, CSS, JavaScript

PROJECTS

Comforts (Full-Stack, MERN) | [Live Site](#) | [GitHub \(Frontend\)](#) | [GitHub \(Backend\)](#)

October 2025

- Developed REST APIs using Node.js and Express
- Integrated Google & Credentials login via NextAuth
- Built responsive UI using Next.js, Tailwind CSS, DaisyUI
- Connected backend with MongoDB Atlas and deployed on Vercel

Technology: Javascript, React, Nextjs, NextAuth, Tailwindcss, DaisyUI, Nodejs, Expressjs, MongoDB, Vercel

TechBridge Asia (Full-Stack, MERN) | [Live Site](#) | [GitHub \(Frontend\)](#) | [GitHub \(Backend\)](#)

October 2025

- Implemented dashboards for exporters and importers
- Built full CRUD functionality using Express API + MongoDB
- Added CSV exports and Light/Dark theme toggle
- Implemented secure authentication with Firebase Auth

Technology: Javascript, React, Tailwindcss, DaisyUI, Firebase auth, Nodejs, Expressjs, MongoDB, Vercel

FurryGlow (Frontend) | [Live Site](#) | [GitHub \(Frontend\)](#)

November 2025

- Built a responsive MERN application with a sticky navbar, structured landing page, and consistent UI.
- Added an All Items page with card view, sorting/filtering, and public access to details
- Implemented clean item details, equal-height cards, and a professional footer with logo and social links.

Technology: Javascript, React, Tailwindcss, DaisyUI, Firebase auth, firebase deploy

COURSES & LEARNING

Full-Stack MERN Advanced (Self-study)

Next.js Advanced Features (Ongoing)

EDUCATION

Master's in Economics — National University of Bangladesh (2010)

LANGUAGES

Bengali — Native | English — Fluent
